# Preamble

## Understanding Intratec Energy Prices & Markets Program

Amid a global push for renewable sources and ever-evolving geopolitical dynamics, energy markets have never been more complex or unpredictable. Shifting trade alliances, supply chain disruptions, and volatile pricing trends create a landscape that demands constant monitoring and strategic foresight.

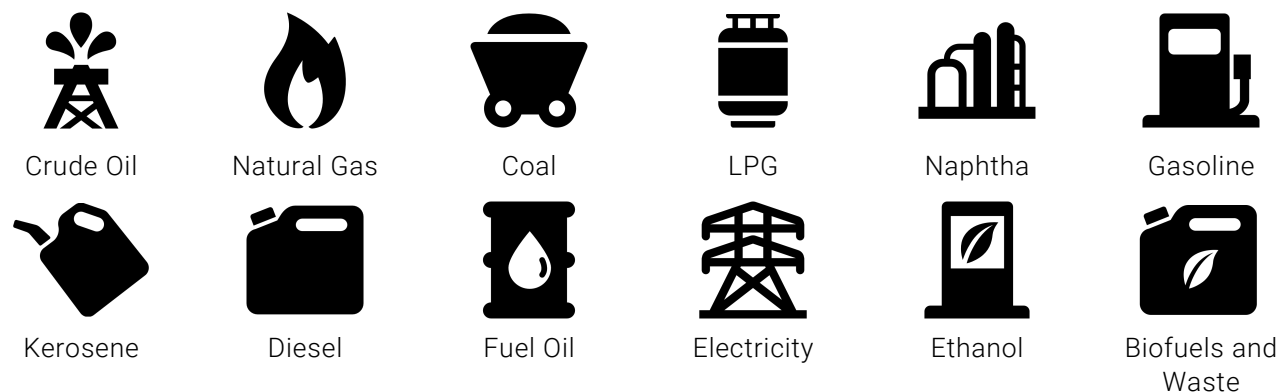

To help businesses and decision-makers navigate such uncertainties, we designed the Intratec Energy Prices & Markets, a subscription-based program that provides monthly reports with comprehensive and up-to-date assessments into the energy prices and markets worldwide.

Each report helps subscribers answer essential questions around a country's energy market, such as:

- \* How have energy prices changed historically, and recently?
- \* What are the price forecasts for energy commodities?
- \* How do local energy prices compare to global market prices?
- \* What are the key trends in the country's energy production and consumption?
- \* How are freight and insurance costs affecting the competitiveness of energy imports and exports?
- \* To what extent is the country self-sufficient in energy production?
- \* Which countries are its main energy trade partners, and how reliant is it on energy imports or exports?
- \* How exposed is the country to financial or supply risks in its energy trade relationships?

## Commodities Approached by Report

Every report under Intratec Energy Prices & Markets program includes price and market assessments on essential energy commodities:

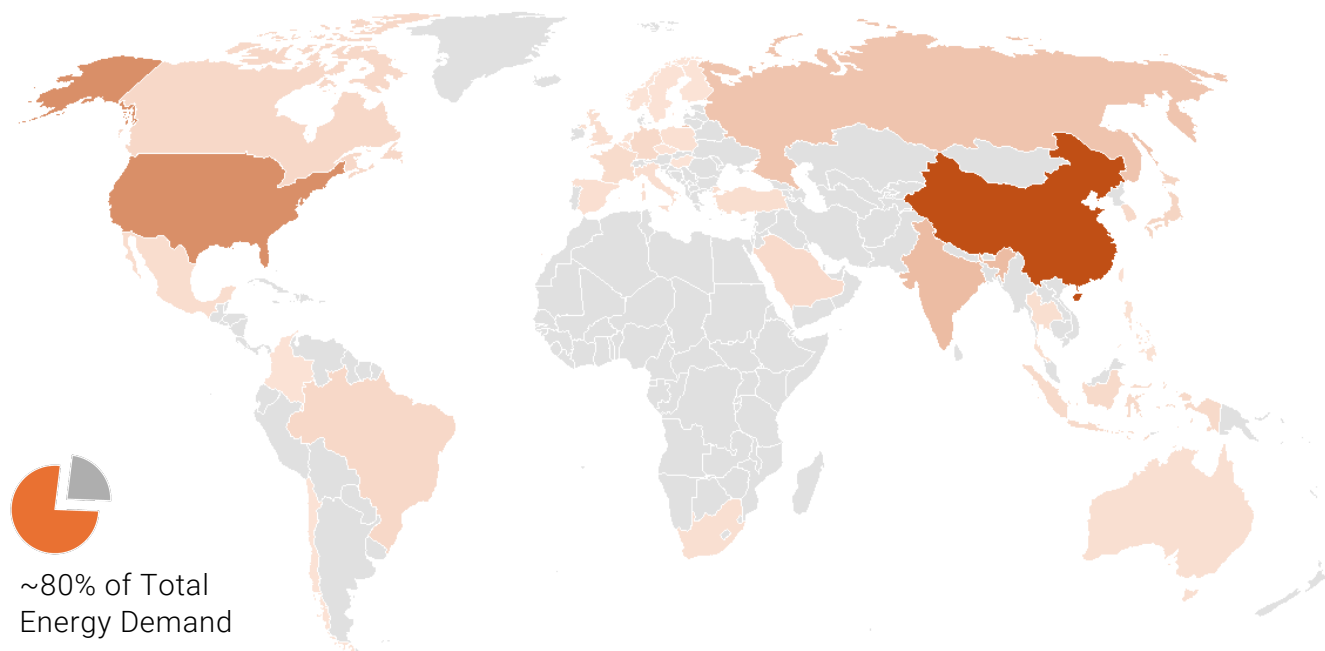

Each report is focused on a specific country. Subscribers receive new PDF reports every month, featuring the latest data and analyses, allowing them to stay informed about market trends.

## Available Reports

The Intratec Energy Prices & Markets program offers a selection of 33 country-specific reports, allowing subscribers to choose the countries that matter most to them. Upon subscription, they can tailor the coverage to their specific needs and receive only the selected reports monthly.

Such selection of countries covered in the program encompasses key players in the global energy landscape. These countries collectively account for significant shares of global energy production and demand, ensuring that subscribers gain insights into the most relevant markets influencing supply chains, price dynamics, and industry trends.

## How the Program is Organized

Each Intratec Energy Prices & Markets report is dedicated to a specific country, delivering in-depth analyses tailored to the selected location. The scope and depth of insights vary according to the subscription plan, ensuring that subscribers receive the level of detail that best suits their needs. Reports are released at the beginning of each month, providing timely updates on energy prices, forecasts, market trends, and key trade dynamics.

To ensure clarity and consistency, each report follows a structured identification format, which includes a unique code representing the subscription plan, the country covered, the release month and year, and the Intratec Energy Prices & Markets program designation:

INTRATEC-IEP-2403-USA-ADV

## About this Document

This guide is focused on Turkey and was released on October 2025 as part of the Intratec Energy Prices & Markets program. Its purpose is to present and describe the full range of assessments provided by Intratec for this country, offering a clear overview of the scope covered in our monthly reports. The assessments are structured into the following sections:

- \* Price Assessments: Historical prices, recent trends, and short-term forecasts
- \* Freight Assessments: Transportation costs for energy imports and exports.
- \* Insurance Assessments: Insurance rates impacting energy trade.
- \* Market Analysis Assessments: Key indicators of local energy production and demand.
- \* Energy Self-Sufficiency and Trade Dependencies: Energy balances and trade reliance.
- \* Global Comparison: Benchmarking against global energy prices and trends.

## Assessment Definitions

The following pages present the basis of assessments covered in Intratec Prices & Markets. In short, for each assessment, the most likely commodity specification is provided, along with its delivery methods (PDF report, API, Excel and/or Power BI) and the unique assessment code used for identification. The assessment history is also outlined, indicating the time frame for which these evaluations are available, followed by the lag of each assessment (i.e., the number of months during which the preliminary price of a commodity is provided, rather than its final price).

It is important to highlight that Intratec may retire, add, or change an assessment in accordance with our commitment to relevant prices and market or country practices. For more information, the reader is referred to the section “*Disclaimers – Assessment Addition, Retirement, and Changes*” in *Intratec Energy Prices & Markets – General Methodology Guide*, available at:

# Price Assessments

## Butane, n-, imp, spot, cif, Turkey

|                                |                                                               |
|--------------------------------|---------------------------------------------------------------|
| Specification:                 | n-butane content > 94.0 vol% and isobutane content < 6.0 vol% |
| Typical packing:               | bulk                                                          |
| Density   Net calorific value: | 599 kg/m3   46.2 GJ/mt                                        |
| Pricing type   Market:         | spot   import                                                 |
| Incoterm   Location:           | cif   Turkey                                                  |
| Currency   Quantity unit:      | Turkish Lira   metric ton (mt)                                |
| Pricing model:                 | Freight Based Calculation                                     |
| Assessment chart legend:       | Butane (n-), imp, TR                                          |
| Final   Forecast:              | Jan/07-Sep/25   Oct/25-Mar/26                                 |
| Delivery method(s):            | PDF   API   Excel   Power BI                                  |
| Assessment code:               | 332771-8-6                                                    |

## Coal, Anthracite, imp, transaction, cif, Turkey

|                                 |                                      |
|---------------------------------|--------------------------------------|
| Specification:                  | unspecified anthracite               |
| Typical packing:                | bulk                                 |
| Density   Net calorific value:  | 1,050 kg/m3   29.7 GJ/mt             |
| Pricing type   Market:          | transaction   import                 |
| Incoterm   Location:            | cif   Turkey                         |
| Currency   Quantity unit:       | Turkish Lira   metric ton (mt)       |
| Assessment chart legend:        | Coal (Anthracite), imp, TR           |
| Final   Preliminary   Forecast: | Jan/07-Aug/25   Sep/25   No forecast |
| Delivery method(s):             | PDF   API   Excel   Power BI         |
| Assessment code:                | 2139636-8-6                          |

### Crude Oil, CPC, imp, spot, cif, Turkey

|                                |                                                                                       |
|--------------------------------|---------------------------------------------------------------------------------------|
| Typical specification:         | Caspian Pipeline Consortium (CPC) Blend, sulfur content of 0.56%, gravity of 45.3 API |
| Typical packing:               | bulk                                                                                  |
| Density   Net calorific value: | 801 kg/m <sup>3</sup>   45 GJ/mt                                                      |
| Pricing type   Market:         | spot   import                                                                         |
| Incoterm   Location:           | cif   Turkey                                                                          |
| Currency   Quantity unit:      | Turkish Lira   oil barrel (Bbl)                                                       |
| Pricing model:                 | Freight Based Calculation                                                             |
| Assessment chart legend:       | Crude Oil (CPC), imp, TR                                                              |
| Final   Forecast:              | Jan/07-Sep/25   Oct/25-Mar/26                                                         |
| Delivery method(s):            | PDF   API   Excel   Power BI                                                          |
| Assessment code:               | 272515-8-6                                                                            |

### Diesel, ULSD, imp, spot, cif, Turkey

|                                |                                              |
|--------------------------------|----------------------------------------------|
| Specification:                 | ultra-low-sulfur diesel, 10 ppm sulfur       |
| Typical packing:               | bulk                                         |
| Density   Net calorific value: | 850 kg/m <sup>3</sup>   45 GJ/mt             |
| Pricing type   Market:         | spot   import                                |
| Incoterm   Location:           | cif   Turkey                                 |
| Currency   Quantity unit:      | Turkish Lira   cubic meter (m <sup>3</sup> ) |
| Pricing model:                 | Freight Based Calculation                    |
| Assessment chart legend:       | Diesel (ULSD), imp, TR                       |
| Final   Forecast:              | Jan/07-Sep/25   Oct/25-Mar/26                |
| Delivery method(s):            | PDF   API   Excel   Power BI                 |
| Assessment code:               | 612544-8-6                                   |

### Diesel, ULSD, whl, spot, ddp, Turkey

|                                |                                              |
|--------------------------------|----------------------------------------------|
| Specification:                 | ultra-low-sulfur diesel, 10 ppm sulfur       |
| Typical packing:               | bulk                                         |
| Density   Net calorific value: | 850 kg/m <sup>3</sup>   45 GJ/mt             |
| Pricing type   Market:         | spot   wholesale                             |
| Incoterm   Location:           | ddp   Turkey                                 |
| Currency   Quantity unit:      | Turkish Lira   cubic meter (m <sup>3</sup> ) |
| Pricing model:                 | Compiled Prices                              |
| Assessment chart legend:       | Diesel (ULSD), whl, TR                       |
| Final   Forecast:              | Jan/07-Sep/25   No forecast                  |
| Delivery method(s):            | PDF   API   Excel   Power BI                 |
| Assessment code:               | 3727903-8-6                                  |

### Electricity, hho, Turkey

|                           |                                                                    |
|---------------------------|--------------------------------------------------------------------|
| Specification:            | electricity purchased by domestic customers (band voltage < 400 V) |
| Market:                   | household                                                          |
| Location:                 | Turkey                                                             |
| Currency   Quantity unit: | Turkish Lira   kilowatt hour (kWh)                                 |
| Pricing model:            | Compiled Prices                                                    |
| Assessment chart legend:  | Electricity, hho, TR                                               |
| Final   Forecast:         | Jan/00-Sep/25   Oct/25-Mar/26                                      |
| Delivery method(s):       | PDF   API   Excel   Power BI                                       |
| Assessment code:          | 1320118-8-6                                                        |
| Remarks:                  | for consumption up to 240 kWh/month, including taxes               |

### Electricity, ind, Turkey

|                           |                                                            |
|---------------------------|------------------------------------------------------------|
| Specification:            | band voltage > 36 kV                                       |
| Market:                   | industrial sector                                          |
| Location:                 | Turkey                                                     |
| Currency   Quantity unit: | Turkish Lira   kilowatt hour (kWh)                         |
| Pricing model:            | Compiled Prices                                            |
| Assessment chart legend:  | Electricity, ind, TR                                       |
| Final   Forecast:         | Jan/00-Sep/25   Oct/25-Mar/26                              |
| Delivery method(s):       | PDF   API   Excel   Power BI                               |
| Assessment code:          | 931578-8-6                                                 |
| Remarks:                  | including generation, transmission, and distribution costs |

### Ethanol, Anhyd, imp, spot, cif, Turkey

|                                |                                          |
|--------------------------------|------------------------------------------|
| Specification:                 | anhydrous undenatured fuel-grade ethanol |
| Typical packing:               | bulk                                     |
| Density   Net calorific value: | 800 kg/m <sup>3</sup>   27 GJ/mt         |
| Pricing type   Market:         | spot   import                            |
| Incoterm   Location:           | cif   Turkey                             |
| Currency   Quantity unit:      | Turkish Lira   metric ton (mt)           |
| Pricing model:                 | Freight Based Calculation                |
| Assessment chart legend:       | Ethanol (Anhyd), imp, TR                 |
| Final   Forecast:              | Jan/07-Sep/25   No forecast              |
| Delivery method(s):            | PDF   API   Excel   Power BI             |
| Assessment code:               | 072575-8-6                               |

### Fuel Oil, HFO, imp, spot, cif, Turkey

|                                |                                                   |
|--------------------------------|---------------------------------------------------|
| Specification:                 | heavy fuel oil, 380 cst, with sulfur content < 1% |
| Typical packing:               | bulk                                              |
| Density   Net calorific value: | 947 kg/m <sup>3</sup>   40.7 GJ/mt                |
| Pricing type   Market:         | spot   import                                     |
| Incoterm   Location:           | cif   Turkey                                      |
| Currency   Quantity unit:      | Turkish Lira   metric ton (mt)                    |
| Pricing model:                 | Freight Based Calculation                         |
| Assessment chart legend:       | Fuel Oil (HFO), imp, TR                           |
| Final   Forecast:              | Jan/07-Sep/25   Oct/25-Mar/26                     |
| Delivery method(s):            | PDF   API   Excel   Power BI                      |
| Assessment code:               | 972606-8-6                                        |

### Fuel Oil, HSFO, whl, spot, ddp, Turkey

|                                |                                                            |
|--------------------------------|------------------------------------------------------------|
| Specification:                 | heavy fuel oil, no. 6, 380 cst, with sulfur content < 3.5% |

|-----------------------|-------------------------------|
| Commodity   Category: | LPG   Hydrocarbon Gas Liquids |
| Final   Preliminary:  | Jan/07-Jul/25   Aug/25-Sep/25 |
| Delivery method(s):   | PDF   API   Excel   Power BI  |
| Assessment code:      | 8728175-8-0                   |
| Remarks:              | Percentage over CFR price     |

### Naphtha Insurance

|                       |                               |
|-----------------------|-------------------------------|
| Commodity   Category: | Naphtha   Light Fuels         |
| Final   Preliminary:  | Jan/07-Jul/25   Aug/25-Sep/25 |
| Delivery method(s):   | PDF   API   Excel   Power BI  |
| Assessment code:      | 0228163-8-0                   |
| Remarks:              | Percentage over CFR price     |

### Natural Gas Insurance

|                       |                              |
|-----------------------|------------------------------|
| Commodity   Category: | Natural Gas   LNG            |
| Final   Preliminary:  | Jan/07-Aug/25   Sep/25       |
| Delivery method(s):   | PDF   API   Excel   Power BI |
| Assessment code:      | 3628169-8-0                  |
| Remarks:              | Percentage over CFR price    |

### Propane Insurance

|                       |                                   |
|-----------------------|-----------------------------------|
| Commodity   Category: | Propane   Hydrocarbon Gas Liquids |
| Final   Preliminary:  | Jan/07-Jul/25   Aug/25-Sep/25     |
| Delivery method(s):   | PDF   API   Excel   Power BI      |
| Assessment code:      | 7228173-8-0                       |
| Remarks:              | Percentage over CFR price         |

# Market Analysis Assessments

## Demand, Biofuels and Waste, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Biofuels and Waste |
| Market flow   Country: | Demand   Turkey    |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 1037048-8-6        |

## Demand, Coal, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Coal                                      |
| Density:               | 1,500 kg/m3                               |
| Market flow   Country: | Demand   Turkey                           |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 3537045-8-6                               |

## Demand, Electricity, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Electricity                          |
| Market flow   Country: | Demand   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 7337042-8-6                          |

## Demand, Geothermal, Solar, Wind, etc, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Geothermal, Solar, Wind, etc         |
| Market flow   Country: | Demand   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 3737038-8-6                          |

### Demand, Hydro, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Hydro                                |
| Market flow   Country: | Demand   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 3136933-8-6                          |

### Demand, Natural Gas, Turkey

|                        |                 |
|------------------------|-----------------|
| Energy source:         | Natural Gas     |
| Density:               | 0.7 kg/m3       |
| Market flow   Country: | Demand   Turkey |
| Quantity unit(s):      | petajoule (PJ)  |
| Assessment period:     | Jan/10-May/25   |
| Delivery method(s):    | PDF             |
| Assessment code:       | 8337012-8-6     |

### Demand, Nuclear, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Nuclear                              |
| Market flow   Country: | Demand   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 8236932-8-6                          |

### Demand, Oil and Oil Products, Turkey

|                        |                      |
|------------------------|----------------------|
| Energy source:         | Oil and Oil Products |
| Market flow   Country: | Demand   Turkey      |
| Quantity unit(s):      | petajoule (PJ)       |
| Assessment period:     | Jan/10-May/25        |
| Delivery method(s):    | PDF                  |
| Assessment code:       | 9936927-8-6          |

### Demand, Renewables, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Renewables                           |
| Market flow   Country: | Demand   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 5936937-8-6                          |

### Demand, Total Energy, Turkey

|                        |                 |
|------------------------|-----------------|
| Energy source:         | Total Energy    |
| Market flow   Country: | Demand   Turkey |
| Quantity unit(s):      | petajoule (PJ)  |
| Assessment period:     | Jan/10-May/25   |
| Delivery method(s):    | PDF             |
| Assessment code:       | 1536936-8-6     |

### Demand, Total Oil, Turkey

|                        |                 |
|------------------------|-----------------|
| Energy source:         | Total Oil       |
| Market flow   Country: | Demand   Turkey |
| Quantity unit(s):      | petajoule (PJ)  |
| Assessment period:     | Jan/10-May/25   |
| Delivery method(s):    | PDF             |
| Assessment code:       | 9736934-8-6     |

### Demand, Total Oil Products, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Total Oil Products |
| Market flow   Country: | Demand   Turkey    |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 4436935-8-6        |

### Domestic Supply, Diesel, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Diesel                                |
| Density:               | 844 kg/m3                             |
| Market flow   Country: | Domestic Supply   Turkey              |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 1836975-8-6                           |

### Domestic Supply, Fuel Oil, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Fuel Oil                              |
| Density:               | 930 kg/m3                             |
| Market flow   Country: | Domestic Supply   Turkey              |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 5136976-8-6                           |

### Domestic Supply, Gasoline, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Gasoline                              |
| Density:               | 741 kg/m3                             |
| Market flow   Country: | Domestic Supply   Turkey              |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 9136973-8-6                           |

### Domestic Supply, Kerosenes, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Kerosenes                             |
| Density:               | 803 kg/m3                             |
| Market flow   Country: | Domestic Supply   Turkey              |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 4736974-8-6                           |

### Domestic Supply, LPG, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | LPG                                   |
| Density:               | 522 kg/m <sup>3</sup>                 |
| Market flow   Country: | Domestic Supply   Turkey              |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 8536971-8-6                           |

### Domestic Supply, Naphtha, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Naphtha                               |
| Density:               | 691 kg/m <sup>3</sup>                 |
| Market flow   Country: | Domestic Supply   Turkey              |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 3236972-8-6                           |

### Domestic Supply, Other Oil Products, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Other Oil Products                        |
| Density:               | 786 kg/m <sup>3</sup>                     |
| Market flow   Country: | Domestic Supply   Turkey                  |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 1337002-8-6                               |

### Domestic Supply, Total Oil Products, Turkey

|                        |                          |
|------------------------|--------------------------|
| Energy source:         | Total Oil Products       |
| Market flow   Country: | Domestic Supply   Turkey |
| Quantity unit(s):      | petajoule (PJ)           |
| Assessment period:     | Jan/10-May/25            |
| Delivery method(s):    | PDF                      |
| Assessment code:       | 4536981-8-6              |

### Electricity Generation, Biofuels and Waste, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Biofuels and Waste              |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 6836960-8-6                     |

### Electricity Generation, Coal, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Coal                            |
| Density:               | 1,500 kg/m3                     |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 6437019-8-6                     |

### Electricity Generation, Electricity, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Electricity                     |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 1536961-8-6                     |

### Electricity Generation, Geothermal, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Geothermal                      |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 8936957-8-6                     |

### Electricity Generation, Hydro, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Hydro                           |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 2136956-8-6                     |

### Electricity Generation, Natural Gas, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Natural Gas                     |
| Density:               | 0.7 kg/m3                       |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 1736954-8-6                     |

### Electricity Generation, Nuclear, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Nuclear                         |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 7436955-8-6                     |

### Electricity Generation, Other Electricity Sources, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Other Electricity Sources       |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 3436965-8-6                     |

### Electricity Generation, Renewables, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Renewables                      |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 9136966-8-6                     |

### Electricity Generation, Solar, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Solar                           |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 3636958-8-6                     |

### Electricity Generation, Total Oil Products, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Total Oil Products              |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 8736964-8-6                     |

### Electricity Generation, Wind, Turkey

|                        |                                 |
|------------------------|---------------------------------|
| Energy source:         | Wind                            |
| Market flow   Country: | Electricity Generation   Turkey |
| Quantity unit(s):      | gigawatt hour (GWh)             |
| Assessment period:     | Jan/10-May/25                   |
| Delivery method(s):    | PDF                             |
| Assessment code:       | 9336959-8-6                     |

### Export, Biofuels and Waste, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Biofuels and Waste |
| Market flow   Country: | Export   Turkey    |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 3136852-8-6        |

### Export, Coal, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Coal                                      |
| Density:               | 1,500 kg/m3                               |
| Market flow   Country: | Export   Turkey                           |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 1736848-8-6                               |

### Export, Crude Oil, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | Crude Oil                                   |
| Density:               | 853 kg/m3                                   |
| Market flow   Country: | Export   Turkey                             |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 8636837-8-6                                 |

### Export, Diesel, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Diesel                                |
| Density:               | 844 kg/m3                             |
| Market flow   Country: | Export   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 3136845-8-6                           |

### Export, Electricity, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Electricity                          |
| Market flow   Country: | Export   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 9736853-8-6                          |

### Export, Fuel Oil, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Fuel Oil                              |
| Density:               | 930 kg/m3                             |
| Market flow   Country: | Export   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 9936846-8-6                           |

### Export, Gasoline, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Gasoline                              |
| Density:               | 741 kg/m3                             |
| Market flow   Country: | Export   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 2736843-8-6                           |

### Export, Kerosenes, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Kerosenes                             |
| Density:               | 803 kg/m3                             |
| Market flow   Country: | Export   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 8436844-8-6                           |

### Export, LPG, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | LPG                                   |
| Density:               | 522 kg/m <sup>3</sup>                 |
| Market flow   Country: | Export   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 1236841-8-6                           |

### Export, Naphtha, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Naphtha                               |
| Density:               | 691 kg/m <sup>3</sup>                 |
| Market flow   Country: | Export   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 7136842-8-6                           |

### Export, Natural Gas, Turkey

|                        |                       |
|------------------------|-----------------------|
| Energy source:         | Natural Gas           |
| Density:               | 0.7 kg/m <sup>3</sup> |
| Market flow   Country: | Export   Turkey       |
| Quantity unit(s):      | petajoule (PJ)        |
| Assessment period:     | Jan/10-May/25         |
| Delivery method(s):    | PDF                   |
| Assessment code:       | 4537015-8-6           |

### Export, NGL, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | NGL                                         |
| Density:               | 522 kg/m <sup>3</sup>                       |
| Market flow   Country: | Export   Turkey                             |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 3336838-8-6                                 |

### Export, Oil and Oil Products, Turkey

|                        |                      |
|------------------------|----------------------|
| Energy source:         | Oil and Oil Products |
| Market flow   Country: | Export   Turkey      |
| Quantity unit(s):      | petajoule (PJ)       |
| Assessment period:     | Jan/10-May/25        |
| Delivery method(s):    | PDF                  |
| Assessment code:       | 6536840-8-6          |

### Export, Other Feedstock, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | Other Feedstock                             |
| Density:               | 789 kg/m3                                   |
| Market flow   Country: | Export   Turkey                             |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 9036839-8-6                                 |

### Export, Other Oil Products, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Other Oil Products                        |
| Density:               | 786 kg/m3                                 |
| Market flow   Country: | Export   Turkey                           |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 4636847-8-6                               |

| Market flow   Country: | Final Consumption   Turkey           |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 2336949-8-6                          |

### Final Consumption, Natural Gas, Turkey

|                        |                            |
|------------------------|----------------------------|
| Energy source:         | Natural Gas                |
| Density:               | 0.7 kg/m3                  |
| Market flow   Country: | Final Consumption   Turkey |
| Quantity unit(s):      | petajoule (PJ)             |
| Assessment period:     | Jan/10-May/25              |
| Delivery method(s):    | PDF                        |
| Assessment code:       | 1837009-8-6                |

### Final Consumption, Oil and Oil Products, Turkey

|                        |                            |
|------------------------|----------------------------|
| Energy source:         | Oil and Oil Products       |
| Market flow   Country: | Final Consumption   Turkey |
| Quantity unit(s):      | petajoule (PJ)             |
| Assessment period:     | Jan/10-May/25              |
| Delivery method(s):    | PDF                        |
| Assessment code:       | 0636938-8-6                |

### Final Consumption, Total Energy, Turkey

|                        |                            |
|------------------------|----------------------------|
| Energy source:         | Total Energy               |
| Market flow   Country: | Final Consumption   Turkey |
| Quantity unit(s):      | petajoule (PJ)             |
| Assessment period:     | Jan/10-May/25              |
| Delivery method(s):    | PDF                        |
| Assessment code:       | 5536951-8-6                |

### Final Consumption, Total Oil Products, Turkey

|                        |                            |
|------------------------|----------------------------|
| Energy source:         | Total Oil Products         |
| Market flow   Country: | Final Consumption   Turkey |
| Quantity unit(s):      | petajoule (PJ)             |
| Assessment period:     | Jan/10-May/25              |
| Delivery method(s):    | PDF                        |
| Assessment code:       | 1136950-8-6                |

### Import, Biofuels and Waste, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Biofuels and Waste |
| Market flow   Country: | Import   Turkey    |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 9636998-8-6        |

### Import, Coal, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Coal                                      |
| Density:               | 1,500 kg/m3                               |
| Market flow   Country: | Import   Turkey                           |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 0136832-8-6                               |

### Import, Crude Oil, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | Crude Oil                                   |
| Density:               | 853 kg/m3                                   |
| Market flow   Country: | Import   Turkey                             |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 4136822-8-6                                 |

**Import, Diesel, Turkey**

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Diesel                                |
| Density:               | 844 kg/m3                             |
| Market flow   Country: | Import   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 2036829-8-6                           |

**Import, Electricity, Turkey**

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Electricity                          |
| Market flow   Country: | Import   Turkey                      |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 2936836-8-6                          |

**Import, Fuel Oil, Turkey**

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Fuel Oil                              |
| Density:               | 930 kg/m3                             |
| Market flow   Country: | Import   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 1936830-8-6                           |

**Import, Gasoline, Turkey**

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Gasoline                              |
| Density:               | 741 kg/m3                             |
| Market flow   Country: | Import   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 1636827-8-6                           |

### Import, Kerosenes, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Kerosenes                             |
| Density:               | 803 kg/m <sup>3</sup>                 |
| Market flow   Country: | Import   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 7336828-8-6                           |

### Import, LPG, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | LPG                                   |
| Density:               | 522 kg/m <sup>3</sup>                 |
| Market flow   Country: | Import   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 0136825-8-6                           |

### Import, Naphtha, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Naphtha                               |
| Density:               | 691 kg/m <sup>3</sup>                 |
| Market flow   Country: | Import   Turkey                       |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 6936826-8-6                           |

### Import, Natural Gas, Turkey

|                        |                       |
|------------------------|-----------------------|
| Energy source:         | Natural Gas           |
| Density:               | 0.7 kg/m <sup>3</sup> |
| Market flow   Country: | Import   Turkey       |
| Quantity unit(s):      | petajoule (PJ)        |
| Assessment period:     | Jan/10-May/25         |
| Delivery method(s):    | PDF                   |
| Assessment code:       | 2637011-8-6           |

### Import, NGL, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | NGL                                         |
| Density:               | 522 kg/m <sup>3</sup>                       |
| Market flow   Country: | Import   Turkey                             |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 1036823-8-6                                 |

### Import, Oil and Oil Products, Turkey

|                        |                      |
|------------------------|----------------------|
| Energy source:         | Oil and Oil Products |
| Market flow   Country: | Import   Turkey      |
| Quantity unit(s):      | petajoule (PJ)       |
| Assessment period:     | Jan/10-May/25        |
| Delivery method(s):    | PDF                  |
| Assessment code:       | 8136996-8-6          |

### Import, Other Feedstock, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | Other Feedstock                             |
| Density:               | 789 kg/m <sup>3</sup>                       |
| Market flow   Country: | Import   Turkey                             |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 5436824-8-6                                 |

### Import, Other Oil Products, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Other Oil Products                        |
| Density:               | 786 kg/m <sup>3</sup>                     |
| Market flow   Country: | Import   Turkey                           |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 5236831-8-6                               |

### Import, Total Energy, Turkey

|                        |                 |
|------------------------|-----------------|
| Energy source:         | Total Energy    |
| Market flow   Country: | Import   Turkey |
| Quantity unit(s):      | petajoule (PJ)  |
| Assessment period:     | Jan/10-May/25   |
| Delivery method(s):    | PDF             |
| Assessment code:       | 7737028-8-6     |

### Import, Total Oil, Turkey

|                        |                 |
|------------------------|-----------------|
| Energy source:         | Total Oil       |
| Market flow   Country: | Import   Turkey |
| Quantity unit(s):      | petajoule (PJ)  |
| Assessment period:     | Jan/10-May/25   |
| Delivery method(s):    | PDF             |
| Assessment code:       | 1437023-8-6     |

### Import, Total Oil Products, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Total Oil Products |
| Market flow   Country: | Import   Turkey    |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 6237026-8-6        |

### Net Trade, Biofuels and Waste, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Biofuels and Waste |
| Market flow   Country: | Net Trade   Turkey |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 2336868-8-6        |

### Net Trade, Coal, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Coal                                      |
| Density:               | 1,500 kg/m <sup>3</sup>                   |
| Market flow   Country: | Net Trade   Turkey                        |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 0436864-8-6                               |

### Net Trade, Crude Oil, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | Crude Oil                                   |
| Density:               | 853 kg/m <sup>3</sup>                       |
| Market flow   Country: | Net Trade   Turkey                          |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 4436854-8-6                                 |

### Net Trade, Diesel, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Diesel                                |
| Density:               | 844 kg/m <sup>3</sup>                 |
| Market flow   Country: | Net Trade   Turkey                    |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 1336862-8-6                           |

### Net Trade, Electricity, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Electricity                          |
| Market flow   Country: | Net Trade   Turkey                   |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 8036869-8-6                          |

### Net Trade, Fuel Oil, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Fuel Oil                              |
| Density:               | 930 kg/m3                             |
| Market flow   Country: | Net Trade   Turkey                    |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 5736863-8-6                           |

### Net Trade, Gasoline, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Gasoline                              |
| Density:               | 741 kg/m3                             |
| Market flow   Country: | Net Trade   Turkey                    |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 9536860-8-6                           |

### Net Trade, Kerosenes, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Kerosenes                             |
| Density:               | 803 kg/m3                             |
| Market flow   Country: | Net Trade   Turkey                    |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 4236861-8-6                           |

### Net Trade, LPG, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | LPG                                   |
| Density:               | 522 kg/m3                             |
| Market flow   Country: | Net Trade   Turkey                    |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 6336858-8-6                           |

### Net Trade, Naphtha, Turkey

|                        |                                       |
|------------------------|---------------------------------------|
| Energy source:         | Naphtha                               |
| Density:               | 691 kg/m3                             |
| Market flow   Country: | Net Trade   Turkey                    |
| Quantity unit(s):      | kilo metric ton (kt)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                         |
| Delivery method(s):    | PDF                                   |
| Assessment code:       | 1036859-8-6                           |

### Net Trade, Natural Gas, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Natural Gas        |
| Density:               | 0.7 kg/m3          |
| Market flow   Country: | Net Trade   Turkey |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 7937010-8-6        |

### Net Trade, NGL, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | NGL                                         |
| Density:               | 522 kg/m3                                   |
| Market flow   Country: | Net Trade   Turkey                          |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 1536855-8-6                                 |

### Net Trade, Oil and Oil Products, Turkey

|                        |                      |
|------------------------|----------------------|
| Energy source:         | Oil and Oil Products |
| Market flow   Country: | Net Trade   Turkey   |
| Quantity unit(s):      | petajoule (PJ)       |
| Assessment period:     | Jan/10-May/25        |
| Delivery method(s):    | PDF                  |
| Assessment code:       | 0636857-8-6          |

### Net Trade, Other Feedstock, Turkey

|                        |                                             |
|------------------------|---------------------------------------------|
| Energy source:         | Other Feedstock                             |
| Density:               | 789 kg/m <sup>3</sup>                       |
| Market flow   Country: | Net Trade   Turkey                          |
| Quantity unit(s):      | million oil barrel (MMbbl)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                               |
| Delivery method(s):    | PDF                                         |
| Assessment code:       | 5936856-8-6                                 |

### Net Trade, Other Oil Products, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Other Oil Products                        |
| Density:               | 786 kg/m <sup>3</sup>                     |
| Market flow   Country: | Net Trade   Turkey                        |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 7037003-8-6                               |

### Net Trade, Total Energy, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Total Energy       |
| Market flow   Country: | Net Trade   Turkey |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 0236871-8-6        |

### Net Trade, Total Oil, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Total Oil          |
| Market flow   Country: | Net Trade   Turkey |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 5536870-8-6        |

### Net Trade, Total Oil Products, Turkey

|                        |                    |
|------------------------|--------------------|
| Energy source:         | Total Oil Products |
| Market flow   Country: | Net Trade   Turkey |
| Quantity unit(s):      | petajoule (PJ)     |
| Assessment period:     | Jan/10-May/25      |
| Delivery method(s):    | PDF                |
| Assessment code:       | 0537025-8-6        |

### Production, Biofuels and Waste, Turkey

|                        |                     |
|------------------------|---------------------|
| Energy source:         | Biofuels and Waste  |
| Market flow   Country: | Production   Turkey |
| Quantity unit(s):      | petajoule (PJ)      |
| Assessment period:     | Jan/10-May/25       |
| Delivery method(s):    | PDF                 |
| Assessment code:       | 8736883-8-6         |

### Production, Coal, Turkey

|                        |                                           |
|------------------------|-------------------------------------------|
| Energy source:         | Coal                                      |
| Density:               | 1,500 kg/m3                               |
| Market flow   Country: | Production   Turkey                       |
| Quantity unit(s):      | million metric ton (MMT)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                             |
| Delivery method(s):    | PDF                                       |
| Assessment code:       | 5137017-8-6                               |

### Production, Geothermal, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Geothermal                           |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 4337022-8-6                          |

### Production, Geothermal, Solar, Wind, etc, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Geothermal, Solar, Wind, etc         |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 4936886-8-6                          |

### Production, Hydro, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Hydro                                |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 3636877-8-6                          |

### Production, Natural Gas, Turkey

|                        |                     |
|------------------------|---------------------|
| Energy source:         | Natural Gas         |
| Density:               | 0.7 kg/m3           |
| Market flow   Country: | Production   Turkey |
| Quantity unit(s):      | petajoule (PJ)      |
| Assessment period:     | Jan/10-May/25       |
| Delivery method(s):    | PDF                 |
| Assessment code:       | 3237006-8-6         |

### Production, Nuclear, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Nuclear                              |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 8936876-8-6                          |

### Production, Oil and Oil Products, Turkey

|                        |                      |
|------------------------|----------------------|
| Energy source:         | Oil and Oil Products |
| Market flow   Country: | Production   Turkey  |
| Quantity unit(s):      | petajoule (PJ)       |
| Assessment period:     | Jan/10-May/25        |
| Delivery method(s):    | PDF                  |
| Assessment code:       | 2136875-8-6          |

### Production, Renewables, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Renewables                           |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 1136887-8-6                          |

### Production, Solar, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Solar                                |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 9336878-8-6                          |

### Production, Total Energy, Turkey

|                        |                     |
|------------------------|---------------------|
| Energy source:         | Total Energy        |
| Market flow   Country: | Production   Turkey |
| Quantity unit(s):      | petajoule (PJ)      |
| Assessment period:     | Jan/10-May/25       |
| Delivery method(s):    | PDF                 |
| Assessment code:       | 9136885-8-6         |

## Production, Wind, Turkey

|                        |                                      |
|------------------------|--------------------------------------|
| Energy source:         | Wind                                 |
| Market flow   Country: | Production   Turkey                  |
| Quantity unit(s):      | gigawatt hour (GWh)   petajoule (PJ) |
| Assessment period:     | Jan/10-May/25                        |
| Delivery method(s):    | PDF                                  |
| Assessment code:       | 4036879-8-6                          |

# Energy Self-Sufficiency and Trade Dependencies

## Energy Self-Sufficiency, Turkey

|                     |               |
|---------------------|---------------|
| Country:            | Turkey        |
| Unit:               | Percent (%)   |
| Assessment period:  | Jan/13-May/25 |
| Delivery method(s): | PDF           |
| Assessment code:    | 8228751-8-6   |

## Turkey Energy Imports from Algeria (% Algeria GDP)

|                       |                                  |
|-----------------------|----------------------------------|
| Energy Source:        | Total energy imports             |
| Origin   Destination: | Algeria   Turkey                 |
| Unit:                 | Percent (%) share of Algeria GDP |
| Assessment period:    | Jan/13-Jul/25                    |
| Delivery method(s):   | PDF                              |
| Assessment code:      | 9729563-8-6                      |

## Turkey Energy Imports from Algeria (% Turkey GDP)

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | Algeria   Turkey                |
| Unit:                 | Percent (%) share of Turkey GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 0929253-8-6                     |

## Turkey Energy Imports from Colombia (% Colombia GDP)

|                       |                                   |
|-----------------------|-----------------------------------|
| Energy Source:        | Total energy imports              |
| Origin   Destination: | Colombia   Turkey                 |
| Unit:                 | Percent (%) share of Colombia GDP |
| Assessment period:    | Jan/13-Jul/25                     |
| Delivery method(s):   | PDF                               |
| Assessment code:      | 8229561-8-6                       |

**Turkey Energy Imports from Colombia (% Turkey GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | Colombia   Turkey               |
| Unit:                 | Percent (%) share of Turkey GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 1829251-8-6                     |

**Turkey Energy Imports from India (% India GDP)**

|                       |                                |
|-----------------------|--------------------------------|
| Energy Source:        | Total energy imports           |
| Origin   Destination: | India   Turkey                 |
| Unit:                 | Percent (%) share of India GDP |
| Assessment period:    | Jan/13-Jul/25                  |
| Delivery method(s):   | PDF                            |
| Assessment code:      | 3129562-8-6                    |

**Turkey Energy Imports from India (% Turkey GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | India   Turkey                  |
| Unit:                 | Percent (%) share of Turkey GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 5129252-8-6                     |

**Turkey Energy Imports from Rest of World (% Turkey GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | Rest of World   Turkey          |
| Unit:                 | Percent (%) share of Turkey GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 7431481-8-6                     |

**Turkey Energy Imports from Russia (% Russia GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | Russia   Turkey                 |
| Unit:                 | Percent (%) share of Russia GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 5029559-8-6                     |

**Turkey Energy Imports from Russia (% Turkey GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | Russia   Turkey                 |
| Unit:                 | Percent (%) share of Turkey GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 7229249-8-6                     |

**Turkey Energy Imports from United States (% United States GDP)**

|                       |                                        |
|-----------------------|----------------------------------------|
| Energy Source:        | Total energy imports                   |
| Origin   Destination: | United States   Turkey                 |
| Unit:                 | Percent (%) share of United States GDP |
| Assessment period:    | Jan/13-Jul/25                          |
| Delivery method(s):   | PDF                                    |
| Assessment code:      | 2529560-8-6                            |

**Turkey Energy Imports from United States (% Turkey GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy imports            |
| Origin   Destination: | United States   Turkey          |
| Unit:                 | Percent (%) share of Turkey GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 4729250-8-6                     |

**Turkey Energy Exports to Cyprus (% Cyprus GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy exports            |
| Origin   Destination: | Turkey   Cyprus                 |
| Unit:                 | Percent (%) share of Cyprus GDP |
| Assessment period:    | Jan/13-Jul/25                   |
| Delivery method(s):   | PDF                             |
| Assessment code:      | 3129555-8-6                     |

**Turkey Energy Exports to Cyprus (% Turkey GDP)**

|                       |                                 |
|-----------------------|---------------------------------|
| Energy Source:        | Total energy exports            |
| Origin   Destination: | Turkey   Cyprus                 |
